

# 4MM SCALE CAMBRIAN LOCOMOTIVES AND COACHING STOCK

Designed and produced by Richard Evans/Camkits, marketed by Taff Vale Models

## CamKits Product List: November 2019

### About the kits:

- All kits use nickel silver etches
- Coach kits comprise etches only with no fittings.
- Locomotive kits are supplied with some Cambrian fittings but excluding wheels/motors/wire etc.

Items marked TBA are in the planning stage and will be released on due course.

No VAT is payable but P&P will be charged for mail order based on Royal Mail 1st Class "Signed-For" rate; the charge will depend on the number and type of kits mailed.

Please contact Taff Vale Models (details at bottom of page) to purchase or request further information.
